

INNET* Pilot Call for Proposals
***Contract 038877 EC DG Enterprise and Industry**

Memorandum of Understanding for INNET Associated Partners
Organisation Name

NAME AGENCY is committed to participate in the first INNET pilot call for proposals in 2009, in agreement with the concept, the process and timescale of the Pilot Call for proposals, as defined in the "Concept of the call" document.

NAME AGENCY will make any reasonable effort to fulfil the objectives of the call.

NAME AGENCY will fund organisations established within its own country/region. The funding decisions will be made by *NAME AGENCY* according to its existing procedures and regulations, following a first common European pre-check undertaken by the INNET funding partners' representatives.

NAME AGENCY will ensure that a budget will be available for funding proposals defined as:
"A set of innovation support activities aiming at identifying, initiating, establishing or developing transeuropean cooperation for SMEs in Technology clusters in Europe, in the field of Research Development and Innovation (RDI)

- *with the support of clusters (governances) and for SMEs or for the benefit of SMEs*
- *with the objective in a second stage to initiate or achieve RDI projects or technical cooperations to be funded by existing European mechanisms like FP7 (ERA-Nets, Eurostars, Capacities/Research for SMEs...), Structural Funds, CIP, or by existing national/regional mechanisms that could be relevant for this call for proposals."*

Applications, action plan proposals and any information related to them shall be kept confidential between the INNET associated partners and the INNET funding and supporting partners and not used to any other purpose than evaluation of the applications, making a funding decision and monitoring of the proposal.
